FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Dear Ms Dortch:

Minnesota Public Radio ("MPR"), holder of construction permits for WMLS-FM, Grand Marais, MN, and for WLSN-FM, Grand Marais, MN (the "Stations"), filed applications for licenses to operate these stations on April 11, 2002, but we have been operating the Stations at less than full power pursuant to two separate Special Temporary Authority grants most recently dated February 19, 2003. The current STA grants expire August 18, 2003.

On July 16, 2003 the Stations were moved up to full power and have operated at full power continuously since then. The problems associated with the Stations operating at full power have been satisfactorily resolved by all parties on the tower.

MPR therefore no longer requires STA approval to operate the Stations at less than full power, and we respectfully request the grant on the licenses for these two Stations. The Stations are operating fully within the parameters of the Stations' respective construction permits.

Please contact this office or our outside counsel, Todd Stansbury of Wiley Rein & Fielding at (202) 719-7000, if there are any questions.

Sincerely,

Mitzi T Gramling
Associate General Counsel
