Re: WSCN (FM), Cloquet, MN  
Facility ID # 42975  
Minnesota Public Radio  
Notice of Resumption of Operations at licensed power

Dear Ms Salas;

Minnesota Public Radio, licensee of WSCN (FM), Cloquet, Minnesota, has been operating at less than its authorized power under Special Temporary Authority granted by the Commission. The reduced power operations were caused by ice storm damage in April of 1999 that resulted in severe tower damage.

On May 10, 2001, WSCN (FM) resumed full power operations and now is operating in accordance with its license.

Sincerely,

Mitzi T Gramling  
Associate General Counsel
